### FIGHTING GAS TAX DIVERSION

Diversion of gasoline tax money from its original purpose of road building and maintenance is a live question in Georgia as well as in Florida.

To acquaint Georgians with the situation that confronts them, the Citizen Road League of Georgia was organized recently and already it is broadcasting some surprising information.

Thomas C. Hall, the executive director,

told a recent meeting that if the highways were properly built and safety devices installed it would mean the saving of 285 lives and check the economic loss of 14 million dollars a year, on the basis of the average number of deaths and injuries on Georgia highways. Forty per cent of the deaths are due to imperfect construction and lack of safety devices on the roads, he asserted.

Formation of the Georgia group is only an extension of what has become a popular movement of widespread proportions. Everywhere people are demanding roads to meet modern traffic conditions. And they are insisting that the money collected from gasoline taxes shall be used to provide them.

The growing sentiment against diversion of gas taxes is something with which more and more legislatures, including Florida's will be compelled to reckon.—Palm Beach Post.

### IMPORTANT LODGE SESSION

Everglades Lodge, No. 211, P. and A. M., will have an important meeting on next Tuesday night, when a delegation of visitors from Lake Worth and West Palm Beach will make a fraternal visit. There will be election of Building Commission officers and the work of the Master's degree will be completed, and likely reports from the recent grand lodge session at Jacksonville. Refreshments will be served after the lodge session.

### VOTE MOSQUITO CONTROL

At the runoff election on May 28th, in addition to voting for final choice for political nominees the electors of Palm Beach County will also vote for or against the proposed Mosquito Control project for the county.

### NEW LABELLE TEACHERS

Edward L. Deeson, of St. Cloud has been elected principal of the Labelle Schools for the coming year, and Alan L. Stuckey, of Tampa, will become athletic coach and high school faculty member.

### NEW FISH MARKET

The Upthegrove at Pahokee are adding a small addition to its grocery building on North Main street, which will be used for a modern fish market. Messrs. Upthegrove are one of the few Pahokee-men who are still engaged in the commercial fishing trade in the lake at the present time.

Sunday, May 12, was open house at Florida Cypress Gardens in honor of Mother's Day. Dick Pope, manager of the Gardens, presented the thousands of visitors with a gardenia blossom.

### Coast Fans Pleased With Joe's Performance

Joe Tom Boynton, of Canal Point, is sure making good with the Palm Beach Indians of the South Florida League, and has contributed largely to the fine standing of his team. Joe Tom is playing both outfielder and catcher, and his trusty bat and speed on foot, have caught the approval of the east coast city fans. The Palm Beach Times carried a picture of Joe Tom in its Tuesday night's issue, and gave him an encouraging send off for his local ball playing.

### WEATHER

Temperature and rainfall at Canal Point, Fla., for the week ending May 12, 1940.

Date	Max.	Min.	Rain
May 6	81	53	
May 7	82	56	
May 8	85	60	
May 9	85	56	
May 10	91	58	
May 11	85	66	0.11
May 12	83	60	
Average	84	58	0.14
Total rainfall since January 1, 1940			10.98

### Belle Glade Is Proud Of Its Water Record

Belle Glade is mighty proud of its water works and the record it has made during the time it has been in operation. At the present time the officials report that there are 452 water patrons, and that collections are up to date. During the past season the peak of the watering season around 3,000,000 gallons of water was pumped a day, as read from consumer's meters, in addition to

what was used by the city itself, and that around 3,000,000 gallons are being used monthly at the present time. Although the storage supply for water has been materially increased, indications are that a third tank may be necessary within the year, if water service demands continue as at present.

### IMPROVED CAFETERIA

The Belle Glade P.T.A. has named the following as chairman of the department of work for the coming school year: program, L. W. Hartlett; membership, Mrs. H. T. Holloway; publicity, Mrs. L. B. Bawn; cafeteria, Mrs. E. T. Murphy; publications, Mrs. Witter Hooker; welfare, Mrs. J. E. Ransley; historian, Mrs. Thomas Greger; grade mothers, Mrs. P. D. Stevens.

Mrs. Verne L. Vogel, of the state wide school luncheon project, addressed the members of the executive committee, and explained the WPA plan for school cafeteria and lunch, and how this government aid may be secured for schools desiring same. The Association has adopted the cafeteria as its main project for the coming school year, along lines suggested by the state official.

## To the Voters:

Again THANKS for your wonderful vote of confidence in the Primary of May 7th.

There will be NO DELAY in the voting of the May 28th Primary—as there are so many less candidates and better facilities have been provided for PROMPT VOTING.

I am asking your continued INFLUENCE and VOTE—Please do not think that I do not need your vote—I NEED YOU AND YOUR FRIENDS—to help me to return to office.

Your Faithful Servant,

## J. L. GRIER

Supervisor Of Registration

(Subject to Democratic Primary May 28th, 1940)

## Who says you can't have EVERYTHING!

You can have V-8 performance—and gas economy, too!

An 85 h.p. Ford gave 24.92 miles per gallon in the annual official Gilmore-Yosemite road test, open to all cars. This was best mileage of all standard-equipped cars in this class!

You can have easy-handling—with big-car room and ride!

Everyone knows how easy it is to drive a Ford. But on one could know, till he gets inside, how big this Ford is in leg-room, seat-room, knee-room... nor what a thrillingly soft, steady, big-car ride it gives!

You can have low cost upkeep—and enjoy real fine-car features!

You shift gears on a Ford with the easy-acting type finger-tip shift used on costly cars. You get a semi-centrifugal clutch giving lower pedal pressure at shifting speeds, also typical of costly cars... to say nothing of the biggest hydraulic brakes ever used on a low-cost car. Your Ford Dealer's ready and willing to trade... See him now!

YOU CAN HAVE A  
**FORD V-8**

—and that's what you'll want when you try it!

Methodist Church, Mrs. Mary L. Sartoris, chairman, which was appointed to secure pews for the church, wishes to thank all who have subscribed to this cause. The money received, which leaves only a small amount yet to be raised, has been deposited in the bank as a special fund until such time as it will be sufficient to justify the purchase of the pews. In the event the balance of this money cannot be raised, the present contributions will be returned.

**BENTLEY VISITS GLADES**

Ed O. Bentley, of Lakeland, who is one of the candidates in the run-off election for the position of Attorney General, made a political tour through the Everglades Thursday, making addresses at Belle Glade, Pahokee, Canal Point and Okechobee. Bentley

has a wide acquaintance in the Glades section and he gives a good, strong political talk, and shows that if he should be elected that he would without doubt make a good man as the head of the state legal department.

**HAVE WIENER ROAST**  
Ten members of the Pahokee Boy Scout troop met with Scoutmaster, W. M. Willis, at the government dock on Bacon Point road, Tuesday night, and there held a brief business session. Then came the feast of marshmallows and winners which the lady surely enjoyed by the manner in which the viands disappeared. Mr. Willis read the order in connection with camping dates at Lake Osborne and the cost of same. Several of the local troopers will be present during the summer.

An hour of recreation was enjoyed around the camp fire and on the beach.

**CANAL-POINT COMMUNITY METHODIST CHURCH**
